

Intermediate Interior Designer

Are you ready for your next career boost? Are you looking for a work family where you will be supported in your professional growth? Are you filled with passion for design and a desire to be the best that you can be? If this fits, we would like to hear from you.

At HDG, we have cultivated an exceptional culture with a focus on energy, learning, teamwork, and excellence. We work hard and have fun, too!

We care deeply about everything – every person, every detail, every project.

HDG is seeking an Interior Designer with 7+ years' experience in commercial interior design. The right candidate is passionate about design, creative, energetic, technically skilled and has strong communication skills. In this job, you will work with a team to address the issues of our clients (style, budget, and schedule) and enjoy the challenge of working with sophisticated real estate developers.

Our exciting and varied projects include residential high-rise buildings, clubhouses, fitness centers, cyber cafes, commercial lobbies, sales centers, and model homes. Our clients, the top developers in the country, look to us for a broad range of design styles — from historical renovations to contemporary designs.

The person we are looking for will:

- Be self-directed and highly motivated
- Be highly creative
- Be organized and able to manage multiple projects
- Have high initiative
- Be client and team oriented
- Have great written and verbal communication skills
- Have knowledge of all aspects of interior design from inception to completion

Professional Requirements:

- Bachelor's Degree in Interior Design
- 7 years of experience in the field of interior design
- Strong creative and visioning abilities
- Strong understanding of the design process
- High level of technical skills including AutoCAD and Revit
- LEED AP and NCIDQ are not required, however, are a plus
- A portfolio must be submitted to be considered for this position
